Contact person:

This questionnaire is for applying for a scholarship to the Reach for the Stars project. Filling this form is only a first step in a selection process and is no guarantee of the success of your application. Our team will select which students, on the basis of this application form, can join the next step of the process which is an essay (English) you have to write and then, if again you go forward into the next level, a home visit, then a personal interview, where the final candidates will be selected.

Please answer all questions. If there is space for more than one line, we expect a full and detailed answer. The form has to be signed twice by you on page 3 and 4. Adding less than two recommendations or not filling the form in your own handwriting makes your application invalid and it will be excluded from the process.
